Land Acknowledgement

The Mount Allison Students' Union (MASU) operates on the unceded and Un surrendered lands of the Mi'kmaq people. As we share our own knowledge and ideas as an organization, may we also pay respect to the knowledge forever embedded within the Indigenous custodianship of this country, the land, and those who preserve it.

What is Nimbus Learning?

Nimbus Learning is a course-specific tutoring service providing **support in course material at your convenience.**

Every peer tutor has been through a rigorous approval process, which includes verification that they have achieved 80% or higher in the courses that they would like to teach. The MASU has partnered up with Nimbus Learning, a mobile learning platform provider, to ensure that we can easily provide support for **as many courses as possible at Mount Allison**, while making the **booking, communication and scheduling** process as easy as can be.

- Ensembles are challenging but fun and not competitive. Auditions are necessary for placement but are not competitive
- Ensembles are a real course, 1 credit. Students often do several years to make a 3 credit equivalent to other courses
